

Unrivalled Rural Views

Clifton Villas is a select development of two attractive detached homes from award winning Cheshire based homebuilder, Henderson Homes, located on Green Meadows Drive in a desirable and established residential area in the popular town of Marple.

The homes enjoy an elevated position with private countryside views and are within easy walking distance of the town's many amenities and public transport links.

Each of the properties features traditional architecture with contemporary influences and is set within a substantial plot, which includes a detached garage and private drive, as well as a large garden featuring an abundance of mature planting and trees.

To take full advantage of the picturesque outlook, the accommodation has been intelligently designed with the principle living spaces positioned at the rear. This includes a large open plan kitchen and dining room which opens onto an elevated paved terrace through bi-fold doors and extends, down steps, to the garden below creating a perfect entertaining space.

A large lounge is provided at the front of the property along with a study, which could also be used as a snug or playroom, and a ground floor wc/cloakroom. There is also a utility off the kitchen/diner which provides outdoor access to the side of the property.

Up a split-level staircase is a large master bedroom which features a dressing room and en-suite. A second double bedroom also benefits from an en-suite, with two further double bedrooms sharing a substantial family bathroom.

Internally, specification is of a very high standard with designer kitchens featuring energy efficiency integrated appliances and stylish bathrooms and en-suites finished with complementary porcelain tiling. Please contact the sale agents for details on the specification provided.
